# PosterOne

Better. Faster. Smarter.

## The Building Communications System

PosterOne is the best way of communicating with your building tenants and visitors quickly and cost-effectively.

# An effective communications medium.

## Communicate to Tenants and Visitors

**1** Posters speak to a broader audience than tenant bulletins and emails which often go unread. PosterOne offers an elegant way of informing tenants and visitors about important information ranging from maintenance notices, tenant events, clinics, and emergency procedures to welcome notices, management contact information and general marketing information. Posters can be produced and delivered quickly, in the event of urgent notifications.

**Log into your private, corporate branded account.**

“Bentall recognized the effectiveness and efficiency of this form of media to communicate with tenants and visitors. PosterOne’s service has contributed significantly to that goal with its fast, quality and cost efficient service.”

**Cheryl Gray, CPM**  
Senior Vice-President,  
National Real Estate Services  
Bentall Capital

# The benefits to Commercial Real Estate are clear.

## Cost-Effective, Time-Sensitive, Promote Your Brand

**2** Our number one benefit to our clients is the enormous cost and time savings they enjoy with our online ordering system. Production of a single poster was once cost-prohibitive. The approval loops for branded posters are removed entirely. Production of one poster is now cost-effective using PosterOne's royalty-free image bank, pre-designed templates and online ordering system. Poster sizes, mounting options and stock are user driven. PosterOne posters are a fraction of traditional costs and turn around time is one day.

**Choose a template and change the image and text.**

“Oxford Properties has enjoyed a long relationship with PosterOne across our national real estate portfolio. The quality and service we receive continues to be exceptional and exceed our expectations.”

**Claire Kennedy**  
Director, Communications  
Oxford Properties Group

**OXFORD**

# Designed to protect your brand.

## Marketing and Brand Consistency

**3** Clients log into their own private account and choose from various templates branded to their standards, change images and text as required. National marketing strategies remain consistent from property to property, yet individual properties may opt for personalization of text, such as direct contact information, specific room names, etc.

**Order the sizes and quantity you need for next day delivery.**

“As a national property management company with a multitude of communication needs that are site specific, PosterOne has provided a cost-effective and easy service to meet these needs. Their professional design team is fully familiar with our brand standards and are on-hand to design new, exciting posters when we need them.”

PB Interior

Outpost

In addition to poster production, PosterOne offers poster displays that will stand up to the rigors of use in high traffic areas, and yet be complementary with the architecturally designed environments of commercial building lobbies. For interior or exterior use, PosterOne displays assist our clients for short or long-term requirements, and are available to order on the same online poster ordering system.
